

## CRUISE SHIP LOCATIONS 16 APRIL 2022

Compiled by Mike Pryce, Wellington NZ

(Information believed correct at this date. Compiled from various sources and internet AIS, especially [www.cruisemapper.com](http://www.cruisemapper.com). Excludes ferries and cruise ferries.

In the past months, fresh outbreaks of Covid-19 of crew and/or passengers have occurred on many ships recently returned to cruising, despite following strict hygiene guidelines, being double-vaccinated and tested to be covid-free prior to joining the ship. Several cruises have been cancelled, or ships prohibited from some ports, requiring a change of itinerary at short notice.

Only a few cruise ships are now laid up.

During winter in the northern hemisphere, many of the cruise ships moved south from Europe and the Mediterranean to warmer climes in the Azores, Canaries, Cape Verde, back across the Atlantic to the Caribbean and a few South American cruise ports. A large number cruised in the Chile – Antarctica – Falklands – South Georgia area, but all have returned north as the southern winter approaches, either for refits, or to prepare for northern summer cruises..

Updates and advice of corrections always welcome. My e-mail: [pryce@xtra.co.nz](mailto:pryce@xtra.co.nz)
