

CRUISE SHIP LOCATIONS 16 JULY 2022

Compiled by Mike Pryce, Wellington NZ

(Information believed correct at this date. Compiled from various sources and internet AIS, especially www.cruisemapper.com. Excludes ferries and cruise ferries.

In the past months, fresh outbreaks of Covid-19 of crew and/or passengers have occurred on some ships recently returned to cruising, despite following strict hygiene guidelines, being double-vaccinated and tested to be covid-free prior to joining the ship. Several cruises have been cancelled, or ships prohibited from some ports, requiring a change of itinerary at short notice. But generally, a worldwide return to cruising has taken place. During the northern summer, most ships have relocated to Europe and the US for the cruising season there, with few in the southern hemisphere winter. The initial “short” cruise itineraries have gradually been extended in length and duration as confidence grows. This has been greatly assisted by the gradual resumption of airline services, which has always been important for getting passengers to and from their cruise ships.

Only a few cruise ships are now laid up.

(With these weekly reports, I am often amazed at the long distances some cruise ships manage to travel in just a week!)

I started this compilation about April 2020 when the spread of Covid-19 caused worldwide lockdowns and resulted in cruise ships being laid-up for longer and longer periods. I wondered where they all were – hence this! However, although Covid is by no means “over, most cruise-ships have returned to service, albeit with some modified itineraries. So, I have decided to cease this compilation with his edition.

You can still follow individual cruise-ships of interest on: www.cruisemapper.com.
