

CRUISE SHIP LOCATIONS 28 MAY 2022

Compiled by Mike Pryce, Wellington NZ

(Information believed correct at this date. Compiled from various sources and internet AIS, especially www.cruisemapper.com. Excludes ferries and cruise ferries.

In the past months, fresh outbreaks of Covid-19 of crew and/or passengers have occurred on some ships recently returned to cruising, despite following strict hygiene guidelines, being double-vaccinated and tested to be covid-free prior to joining the ship. Several cruises have been cancelled, or ships prohibited from some ports, requiring a change of itinerary at short notice. But generally, a worldwide return to cruising has taken place. With the northern summer now approaching, most ships have relocated to Europe and the US ready for the cruising season there, and the short cruise itineraries are being gradually extended in length as confidence grows. This has been helped by the gradual resumption of airline services, which has always been important for getting passengers to and from their cruise ships.

Only a few cruise ships are now laid up.

(With these weekly reports, I am often amazed at the long distances some cruise ships manage to travel in just a week!)

Updates and advice of corrections always welcome. My e-mail: pryce@xtra.co.nz
