

## CRUISE SHIP LOCATIONS 8 JANUARY 2022

Compiled by Mike Pryce, Wellington NZ

(Information believed correct at this date. Compiled from various sources and internet AIS, especially [www.cruisemapper.com](http://www.cruisemapper.com). Excludes ferries and cruise ferries.

The initial Covid-19 “pause” was continually extended due to more outbreaks, and many financial assumptions made on the expectation of an initial two-months lockdown were reviewed. This resulted in some sales of older ships.

Worryingly, in the past month, fresh outbreaks of Covid-19 of crew and/or passengers have occurred on several ships recently returned to cruising, despite following strict hygiene guidelines, being double-vaccinated and tested to be covid-free prior to joining the ship. Several cruises have been cancelled, or ships prohibited from some ports, requiring a change of itinerary at short notice.

Only a few cruise ships are now laid up, and some are undergoing Northern winter refits.

With winter in the northern hemisphere, many of the cruise ships moved south from Europe and the Mediterranean to warmer climes in the Azores, Canaries, Cape Verde, back across the Atlantic to the Caribbean and a few South American cruise ports. Quite a large number are now cruising in the Chile -Antarctica – Falklands – South Georgia area.

Updates and advice of corrections always welcome. My e-mail: [pryce@xtra.co.nz](mailto:pryce@xtra.co.nz)
