Three J.J. Shipyard Sisters

Out of curiosity, we noted the presence of 3 container ships (feeders) from the same series, built in the German shipyards of J.J. Sietas Schiffswert, from Hamburg: "**Visitor**", "**CT Daniel**" and "**Flensburg**"

They have been chartered by Maersk Line, to connect the ports of Lisbon to Algeciras. We refer to the container ships "**Visitor**" (ex-"Pioneer Sea", "Maersk Funchal", "Pioneer Sea"), "**CT Daniel**" (ex-"NCL Alesund", "Daniel") and "**Flensburg**" (ex-"Maersk Flensburg", "Pionner Ocean")

LISBON SHIPPING NEWSLETTER NOVEMBER 2022

Weekly service with Schedule in Lisbon

Continuing the approach to the theme (Containerized Services with a stopover in Lisbon) started in the previous Newsletter, another of the containerized services that regularly call Lisbon, on a weekly basis, is the service in which the shipowners Unifeeder, Samskip, Evergreen, CMA CGM participate by calling Rotterdam with several ports in Portugal and Spain (Vigo-Leixões-Lisbon-Algeciras-Tanger Med-Casablanca and Valencia).

Often ships are replaced by others given the rotation of these services in Europe.
