No. 656

March 2024

### *future meetings :*

April 30<sup>th</sup>      ARO : my life of Ship Photography - part I  
May 28<sup>th</sup>      ARO : my life of Ship Photography - part II  
June 25<sup>th</sup>      annual Red Funnel trip to Cowes

### *in the NEWS :*

Major dredging activities to widen the Western Docks main channel finished on 7<sup>th</sup>. *Union Topaz* headed straight to Dordrecht with *Terreferre 502*, returning on 10<sup>th</sup> to collect *Terreferre 501*. On the same day *Union Onyx* left with the dredger *Magnor* in tow and finally *Jan Blanken* sailed for Moerdijk on 13<sup>th</sup>. In the meantime, *UKD Bluefin* had arrived from Swansea on 28<sup>th</sup> February for routine dredging work, initially off Esso and BP jetties before moving to work in the main dock area. She eventually left for Cardiff on 23<sup>rd</sup>.

*Sospan Dau* arrived from Newhaven on 15<sup>th</sup> and made two trips on 16<sup>th</sup> to spray more aggregate on Southsea Beach before returning to Newhaven.

*Red Kestrel* returned from refit on 11<sup>th</sup>, having left Southampton for Falmouth on 12<sup>th</sup> February. *Red Eagle* returned on 14<sup>th</sup> after also having left for Falmouth on 12<sup>th</sup> February.

*St. Faith* arrived at 49 berth on 11<sup>th</sup> returning to Portsmouth on 14<sup>th</sup>

*Red Jets 6* and *7* experienced technical problems mid-month with *Solent Cat* deputising on some of the schedule.

Isle of Wight council has confirmed that the troubled Isle of Wight floating bridge #6, built by Mainstay Marine, and put into service in 2017, is set to be replaced. The £3.5m chain ferry has been plagued with technical problems since it began service. The council's executive cabinet unanimously agreed to replace the vessel with a more appropriately designed vessel.

Another large tanker arrived at 101 berth, this time the Aframax *Navig8 Promise* was there from 17<sup>th</sup> until 21<sup>st</sup>

### *significant arrivals during March*

Two more of CMA CGM's LNG-fuelled monsters made maiden calls and Zodiac's *Zenith Lumos* made a first visit on 19<sup>th</sup>. Two of Spliethoff's Canadian offshoot *Sinaa* and *Nunalik* made calls for yachts.

### *in April, WATCH OUT for :*

Regrettably with the loss of the two services reported last month, there are no new arrivals expected at SCT during April. Cruise ships are arriving back in increasing numbers, but the only one of real interest, *Seabourn Venture* will be anchored off Cowes. The VLCC *Maran Antiope* 21/318,482 is arriving from Le Havre on 4<sup>th</sup>.
