**No. 654** **January 2024**

### *future meetings :*

February 27th ARO : Annual Review of Solent Shipping, 2023 - part 2
March 26th Members Evening - alternative transport
April 30th ARO : my life of Ship Photography - part I

### *in the NEWS :*

Storm *Henk* caused severe disruption to local shipping on 2nd January. Consistent wind speeds over 40kn were recorded off the Isle of Wight with some gusts significantly higher. Local train services were also disrupted. Similar results were seen when storm *Isha* came barrelling in on 21st with wind speeds in the channel exceeding 45kn.

According to information received, ***AIDAnova*** arrived on 8th January from Hamburg with 6,538 passengers, making this a new port record for Southampton. What this many of our Teutonic friends see attractive in Southampton on a cold, damp, dreary January day I do not understand although I hear some ventured as far afield as London and Stonehenge, whilst one intrepid visitor stayed local looking for a fishing tackle shop!

Dredging activities in port were ramped up a gear by the arrival of the backhoe dredger ***Magnor*** on Saturday 6th. She was towed from Rotterdam by the large tug ***Bear*** which handed the tow over to ***Union Onyx*** and ***GPS Avenger*** off East Bramble. Both ***Union Onyx*** and ***Union Topaz*** were then hitched to the dumb barges Tereferre 501 and 502 respectively to carry the dredging spoil to the Nab spoil area, making two trips/day. The carriage of spoil had been boosted by the ***Jan Blanken,*** which had originally arrived from Moerdijk on 18th December and is also making two trips/day with spoil. Meanwhile ***Causeway*** continued making four daily trips to Nab spoil area before moving to Portsmouth on 11th, working initially off Fountain Lake Jetty and then on the Portsmouth approaches. She returned to Southampton working in 17th. But all dredging work was halted on 21st whilst storm Isha passed through.

Big changes afoot in the box-boat world. In addition to the split of Maersk and MSC, announced some tine ago, it would now appear Hapag-Lloyd are leaving the THE Alliance to join forces with Maersk as the Gemini Cooperation. This will leave THE Alliance [YML, HMM and ONE] bottom of the pile in terms of capacity and needing a boost by trying to bring in one the Ocean Alliance into the group.

At the end of the month ***Red Eagle*** suffered proulsion problems leading to cancelled sailings and a revised time-table.

### *significant arrivals during January*

Perhaps the most interesting caller was ***Norwegian Joy*** which called on her way from Miami for refit in Rotterdam. Her hull artwork, a give-a-way that she was purpose-built for the Chinese market, is called *Phoenix* and was designed by Chinese artist Tan Ping and features depictions of the mythical bird. Also visiting were three

of CMA CGM's lng powered box-boats all named after famous Parisian landmarks and a 300,000dwt tanker, operated by Abu Dhabi National Oil Co. [ADNOC] at 101 berth !

***in February, WATCH OUT for :***

CONTSHIP FUN [BPEN] 6th , ONE INGENUITY [FE3] 8th, MSC TAMISHKA F [BPEN] 11th , DELPHINUS C [AL5] 12th , CMA CGM CONCORDE [FAL3] 26th , ZENITH LUMOS [FE3] 1st March. There are also a few others but their arrivals are being given as 'void', so I am assuming cancelled. BPEN – new service
